RadioRA 2

ALR | Lutron Level 1 Certification

Who Should Attend?

This course is designed for any progressive contractor or integrator who is interested in the mid-market, retrofit lighting and shade control opportunity.

RadioRA 2 Programming

- PC programmability
- Energy-Saving solutions via battery-powered occupancy and vacancy sensors
- Enhanced integration, including IP control with fewer interfaces
- Direct Control of Sivoia QS Wireless shades

Curriculum Highlights

- The “business case” for RadioRA 2 and the mid-market, retrofit opportunity
- The impact of “green” and how it relates to lighting and shade control
- Module on how to sell total light control
- Hands-on programming utilizing the RadioRA 2 “Essentials” software package
- Hands-on, interactive system design workshop
- Introduction of Sivoia QS Wireless shading and drapery systems
